

MODEL: SHE-030G

30W HORN TYPE ELLIPTICAL SPEAKER

KEY FEATURES

- Premium horn speaker with an elliptical cabinet design for enhanced sound dispersion.
- Uniform sound coverage ensures clear and consistent audio over wide areas.
- Full-range performance suitable for both speech and music reproduction.
- Versatile applications including railway and metro platforms, factories, parking lots, schools, and corridors.
- Durable U-type metal bracket for secure and rigid mounting in various environments.

SHE-030G is a high-quality horn speaker features a precision-engineered elliptical cabinet design, ensuring a uniform and powerful sound ambience across a wider coverage area. Built as a full-range unit, it delivers exceptional clarity for both speech and music reproduction, making it ideal for demanding public address applications such as railway and metro platforms, factories, parking lots, schools, and corridors. Constructed from durable ABS material in a light grey finish, the speaker combines long-lasting performance with a modern aesthetic. It comes equipped with a robust U-type metal bracket for secure and rigid mounting in various environments, offering a perfect balance of portability, durability, and acoustic performance.

TECHNICAL SPECIFICATIONS

Parameter	Specification
Product Type	High-quality horn speaker with elliptical cabinet design
Model Type	Suitable for railways, metro platforms, factories, parking lots, schools, corridors, etc.
Maximum Power	45 W
Rated Power	30 W
Transformer Power Taps	30 W / 15 W / 7.5 W
Sound Pressure Level (SPL)	115 dB at 1W (1 kHz, 1 m)
Frequency Range (-10 dB)	500 Hz ~ 3.5 kHz
Impedance	333 Ω / 667 Ω / 1333 Ω
Mounting	U-type strong metal bracket for rigid installation
Color	Light Grey
Material	ABS
Dimensions	285 mm × 208 mm × 290 mm
Weight	1.720 kg
