

## **MODEL: SWW-612B**

### **12W WALL MOUNT SPEAKER**

#### **KEY FEATURES**

- Fitted with dual 6" × 4" full-range drivers, delivering 12W output at 100V for powerful and clear sound reproduction.
- Designed for 100V line operation with selectable power settings of 12W, 6W, and 3W to match various installation requirements.
- High-quality wooden cabinet construction with an attractive, modern appearance for enhanced visual appeal and wide-area sound coverage.
- Optimized for both speech intelligibility and music playback in public address systems.
- Suitable for diverse applications including railway and metro stations, factories, corridors, retail outlets, and shopping malls.
- Equipped with keyhole slots for quick, simple, and secure wall mounting.

SWW-612B is a premium wooden cabinet speaker combines high-quality audio performance with an elegant, modern design, delivering powerful sound output across a wide coverage area. Equipped with two 6" × 4" full-range drivers, it is engineered for clear and balanced reproduction of both speech and music, making it ideal for public address and background music applications. Convenient keyhole slots allow for fast and secure wall mounting. Suitable for installations in railway and metro stations, factories, corridors, retail stores, shopping malls, and similar venues, this speaker delivers reliable performance with professional aesthetics.
